

B1

an adhesive layer on the second side;  
a film secured on the adhesive layer;  
the facestock sheet, the adhesive layer and the film forming a laminate facestock;  
a liner sheet having one face and an opposite outer face, the one face being secured on the film; and  
facestock cut lines on the first side and extending through the laminate facestock and to the liner sheet, and defining at least in part edges of printable media.

**Remarks**

It is requested that the Examiner take the foregoing into account when considering this application.

Please charge any fee that may be due with this filing to our Deposit Account No. 16-2230. A duplicate copy of this paper is enclosed for accounting purposes.

Date: December 15, 1999

Respectfully requested,
